Akebono Brake Organizational and Personnel Changes (effective January 1, 2010)

TOKYO – Akebono Brake Industry Co., Ltd. announced the following organizational and personnel changes to take effect January 1, 2010.

The changes aim to accomplish the 3-year Akebono New Frontier 30 medium-term management plan that was established in 2008.

Details of the changes are below.

Organizational changes

Manufacturing Division

• The Domestic Manufacturing Realignment Project is to be further developed and strengthened, and a Global Realignment Operations Project will be established.

R&D Division

• The Engineering projects are to be realigned, including the establishment of a Brake Module Project.

Purchasing Division

• To achieve even prompter responses to engineering demands, a Purchasing Engineering Project will be established.

Quality Assurance Division

• To develop and promote quality audit functions, a Quality Audit Department will be established.

Industrial Machinery & Rolling Stock Component Division

• To promote business expansion, the Industrial Machinery & Rolling Stock Component Department will be separated into an Industrial Machinery Component Sales Department and a Rolling Stock Component Sales Department.

Planning & Administration

 An Asian Business Management Office will be established as part of the Planning & Administration to strengthen Asian business and promote expansion of related activities.

HR & General Affairs Division

• A HR Policy Planning Office will be established to strengthen the planning functions of HR.

Personnel changes at the level of general manager and above are indicated as follows.

Personnel changes at the level of Executive Officer and above effective January 1, 2010
